

# CLEANING UP THEIR WORK

House Passes Capitol Appropriation Bill in a Whirl—Senate for Redistricting.

## SALE MEASURE IS PASSED

Anti-Election Swearing Bill Is Beaten—Both Houses Declare Against Negroes in Pullmans.

The General Assembly made great headway with its work yesterday, both houses holding two long sessions.

The feature on the Senate side was the passage of the Capitol appropriation bill, which was passed by a vote of 15 to 10. The measure was advocated by Messrs. Harparksdale, Sale and Holt, and opposed by Messrs. Machen, Walker and Sears. The debate was good natured, but was spirited at times. Not a single Republican senator was in his seat, they having all gone to their State convention at Norfolk.

Both houses passed the bill, to prevent negroes from riding on Pullman cars, and a great mass of uncontested bills were disposed of on both sides.

The House passed the Capitol appropriation bill by an overwhelming vote, and it now only awaits the signature of the Governor in order to become law. The bill appropriates \$250,000 for the repair of the Capitol building, and provides that the work shall commence immediately upon the adjournment of the General Assembly. Major Green's anti-election swearing bill was defeated in the House, and Mr. Person withdrew his bill to sell the Medical College of Virginia, and in so doing said:

A resolution was offered by Mr. Slaughter, of Culpeper, and adopted, calling on the Virginia representatives in Congress to vote for the bill appropriating money for the permanent improvement of the public highways of the State, and a large number of local measures were offered.

At the afternoon session of the House, where local option prevailed, the chair having been vacated for five minutes in his honor, on motion of General Charles J. Anderson, who introduced him to the members.

The Senate will meet at noon today, and the House at 11 o'clock.

## The Senate.

When Lieutenant-Governor Willard let the Senate gavel drop at 12 o'clock yesterday considerably less than half the senators were in their seats. Rev. John Moncreiff offered prayer.

After a few new bills had been offered and the committees had reported on various and sundry bills, most of which were of minor importance, Mr. Walker, of Northumberland, asked and obtained unanimous consent for immediate consideration of a bill offered by him for the better enforcement of the laws of the State where local option prevails. The real object of the bill is to reach by law the "floating bar rooms" on streams that run through or around local option counties, especially the counties of Henrico, Hanover, and York. Under a suspension of the rules the bill went through its several readings and was passed, and reported to the House.

Mr. Hason asked and obtained unanimous consent to take up Senate bill 216, providing for the establishment of a dispensary in the town of Chatham. After the passage of amendments, making the bill amendatory of the act of the General Assembly on the dispensary question of the third Monday in September instead of in July, and putting the dispensary in operation in October, 1904, the bill was passed, and Mr. Senator Mann casting the only vote in the negative.

Mr. Machen asked and obtained unanimous consent to take up of its order Senate bill 225. The bill was passed, and a suspension of the rules, amends subsection 6 of section 185 of the Code, the effect of which is to raise the salary of the judge of the Corporation Court of Alexandria.

At this point Mr. Sale called for the regular order, which was Senate bill No. 84, the Sale-Holt congressional reapportionment bill. The bill was placed on the calendar, and Mr. Sale spoke briefly in favor of the passage of the bill, explaining what he regarded as the absolute necessity of so reorganizing the congressional districts as was passed in 1902, and Norfolk in different districts.

Mr. Machen, who by the way, is outside of the two districts particularly affected by the bill, spoke in opposition to the bill. He was followed by Mr. Sears, of Mathews, who voiced, he said, the opposition of the people of the First District.

Mr. Barksdale, who represented the Counties of Prince George and Elections, which had reported the bill favorably, defended the action of the committee. The senator from Halifax, who is always eloquent, often humorous, and sometimes convincing, was at his best on all points, and the frequent interruptions by First District senators, who were opposed to the bill, did not detract from his argument. He answered all questions fired at him, and in the end made a strong argument in favor of the bill.

Mr. Holt made a brief argument in favor of the bill and appended to the Senate to pass it. Mr. Sears, of Mathews, then moved to amend the bill, a debate in the Senate against the bill.

**POLITICS AND BUSINESS.**

The debate was sparkling and entertaining. In a nutshell it was business against politics. The Newport News and Norfolk senators asked for the change in the bounds of the First and Second Districts purely on business grounds, political business being equal, and the First District people, who it seems, did not want their district enlarged by the addition of Newport News and two Peninsula counties, took purely a political view of the situation, their sole idea seeming to be that enlarged territory would increase the number of Federal office hunters, and an enlargement of the hungry army is evidently not to the liking of the present representative from the First District, whose influence seemed to be strong in the debate yesterday.

In the course of his able argument against the bill, Mr. Sears, of Mathews, read from The Times-Dispatch of yesterday, in which he found a somewhat positive statement that the bill would pass. The senator did not question the right

## HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair will not grow naturally luxuriantly, dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ, and so far, the only preparation that will positively destroy the germ is Newb's Herpicide—absolutely harmless, free from grease, sediment, dyes matter or dangerous drugs. It always itching instantly, makes hair glossy and soft as silk. Destroy the germ, you remove the effect. Sold by leading druggists. See life in stamps for sample to The Herpicide Co., Detroit, Mich. ## MEASURES, COLEMAN AND BOWMAN.

After the House adjourned, Mr. Coleman offered two companion bills, appropriating money to the Laurel Reformatory and providing for its expenditure.

Mr. Person withdrew his bill to sell the Medical College of Virginia, and in so doing said:

Mr. Speaker, I desire to amend the rules and take up out of its order the bill providing for the sale of the Medical College of Virginia, and in so doing I desire to say that my opinion as to the advisability of selling the college is that the State should not engage in professional education.

Since the introduction of my bill there have been other bills regarding the college and it is my belief that the college should be sold and the proceeds used for the benefit of the State.

Mr. Coleman, of Norfolk, introduced a bill to amend the Code of Virginia, in relation to the counties of the State as to water courses, lines between counties and local option laws. This bill was later taken up and passed under a suspension of the rules.
